

Attendance and Course Monitoring Policy and Procedure

1. Purpose

The purpose of this policy is to ensure that Melbourne Trades College monitors and records attendance and course progress of international students to ensure that they can complete their course within the duration specified on their Confirmation of Enrolment (CoE) and that timely intervention strategies are implemented for students who are at risk of failing to meet attendance and course progress requirements.

The intention of this policy is to provide all the students with the best opportunity to meet their study goals and aspirations and to ensure that students do not breach their visa requirements.

This policy ensures compliance with Standard 6 and 8 of the *National Code of Practice for Providers of Education and Training to Overseas Students 2018 (Cth)* and Clause 1.7, 6.1 to 6.6 of *Standards for RTOs 2015 (Cth)*.

This policy has been documented to ensure that students maintain satisfactory attendance and course progress requirements.

2. Responsibility

The Administration Manager is responsible for the implementation of this policy, ensure that staff members are aware of its application, and implement its requirements.

Melbourne Trades College will monitor and record course attendance every week and course progress at the end of each study period. This is because if students do not maintain satisfactory attendance, it is unlikely that they will be able to maintain course progress.

Melbourne Trades College will provide support to the students by discussing and implementing intervention strategies for students who are at risk of failing to meet course progress and/or attendance requirements.

Students who are not attending classes may mean that they might not make satisfactory course progress. If students are unable to meet satisfactory course requirements despite repeated warnings and implementing intervention strategies, the process of reporting students to the Department of Home Affairs (DHA) via PRISMS will commence.

3. Definitions

CoE means Confirmation of Enrolment. This is proof of student enrolment and acceptance of the offer letter and student agreement provided from the College. The DHA requires the CoE for visa processing for international students.

Attendance and Course Monitoring Policy and Procedure

DHA means Department of Home Affairs. The Department of Home Affairs is the Australian Government interior ministry with responsibilities for national security, law enforcement, emergency management, border control, immigration, refugees, citizenship, and multicultural affairs. DHA's Student Visa Program provides student visas to international students to allow them to study on campus onshore with an accredited provider.

ESOS Act means the Education Services for Overseas Students Act 2000. The ESOS Act sets out the legal framework governing delivery of education to overseas students studying in Australia on a student visa.

Cth means Commonwealth of Australia

The Study Period defined by Melbourne Trades College is one term of the course (10 weeks) in which the student is enrolled. Different qualifications will have different study periods. Refer to Melbourne Trades College's student handbook (for Automotive Course) for further information.

National Code: National Code of Practice for Providers of Education and Training to Overseas Students 2018. Under the ESOS Act, the purpose of the National Code of Practice for Providers of Education and Training to Overseas Students 2018 (National Code 2018) is to set nationally consistent standards and procedures for registered providers and for persons who deliver education services on behalf of registered providers. The National Code supports the effective administration of the ESOS legislative framework by the Commonwealth, state and territory governments.

PRISMS means Provider Registration and International Student Management System (PRISMS).

Minimum Attendance requirements: The minimum requirement for attendance is 80 per cent of the scheduled contact hours for the course.

Unsatisfactory Course Progress is where a student does not meet course progress requirements for the study period as identified in the Training and Assessment Strategy for each course. Unsatisfactory progress is defined as not successfully completing or demonstrating competency in at least 50% of the units in the study period.

Satisfactory course Progress: where a student is able to meet course progress requirements for a study period as identified in the Training and Assessment Strategy for each course. Satisfactory course progress is defined as successfully completing or demonstrating competency in at least 50 of the units in the study period

Student at risk: A student at risk is defined as one who has not made satisfactory academic progress in a course for a term (providing the term is not the second consecutive term for which this is the case) and is therefore subject to an intervention strategy.

Attendance and Course Monitoring Policy and Procedure

4. Policy

Melbourne Trades College will ensure that the student has participated in the training as set out in the training and assessment strategy, including (where the strategy requires) participating in scheduled classes, course-related information sessions. Melbourne Trades College will also check and ensure that all the required assessments are completed up to that point in time.

Students at Melbourne Trades College will be informed about satisfactory course progress and attendance requirements in each study period before the commencement of the course during orientation day.

Melbourne Trades College gives strong emphasis on attendance and course progress requirements. It is a mandatory requirement for all the students to attend their classes regularly and achieve satisfactory course progress.

4.1. Completion within expected duration

International students must complete their studies within the expected duration specified on their Confirmation of Enrolment (CoE). The expected duration of the course as specified in the overseas student's CoE should not exceed the CRICOS registered duration.

Melbourne Trades College will monitor student attendance and course progress regularly to ensure that students satisfactorily progress through their course and complete their studies within the duration specified on their Confirmation of Enrolment.

4.2 Attendance Requirements

Monitoring Attendance

Melbourne Trades College will collect attendance on a regular basis, contact students who are not attending classes and identify appropriate support that can be provided to the students. Melbourne Trades College will ensure that students are provided with full support by implementing intervention strategies so that students can complete their course on time.

Students who will be absent from the class and will have attendance below 80% will be identified as "at risk". The Administration Manager will send warning letters to those students to discuss and identify support measures if required by students.

Students must attend all Automotive workshop practical's to fully develop their technical and practical skills. Student's Automotive workshop attendance will be monitored closely and student missing Automotive workshop's practical classes will be treated on a case-by-case basis. Students missing more than one Automotive workshop practical class will not be allowed to sit in re-assessment but will be required to repeat the units as it will not be possible for students to develop the required skills without attending Automotive workshop practical classes.

Attendance and Course Monitoring Policy and Procedure

Attendance records:

The Administration Officer will maintain and record course attendance every week on the Attendance tool. The attendance records will be maintained in the following manner using the *Attendance Record Sheet*.

Class rolls for each unit of competency for all the courses will be kept and will contain the following information:

- Course Code and Course Name
- Weekly Dates
- Group No
- Student ID
- Full name of each student enrolled in the class
- Individual student signature section
- Time in-Time out
- Name and signature of the trainer/assessor either training or assessing that class.

Melbourne Trades College will retain evidence that students are attending scheduled classes in the form of marked Student's sheets and attendance tools.

Before commencement of the course, through its orientation program, Melbourne Trades College will advise the students about the importance of attendance and how it affects the course progress.

Students must attend all practical classes to fully develop their skills. A student's automotive workshop attendance will be monitored closely.

Students must maintain satisfactory attendance (i.e. minimum 80% of attendance) throughout the course.

It is important for students to understand that not attending classes regularly will lead to unsatisfactory course progress. Melbourne Trades College will send warning letters to those students whose attendance is falling below the attendance requirements.

- *First attendance warning letter* will be sent to the students when the trainer notices any unauthorised absence for more than 5 consecutive days or if a student's attendance falls between 90% to 80%. Students will be called for a meeting to discuss their reasons for absence and provide support.
- *Second attendance warning letter* will be sent to students if their attendance falls below 80%. This will be followed up by inviting those students to attend an intervention meeting. Melbourne Trades College will implement an Intervention strategy to assist and support students so that they

Attendance and Course Monitoring Policy and Procedure

can attend classes regularly and achieve satisfactory course progress. It will be recorded in the Intervention strategy form and will be placed in the student's file.

Melbourne Trades College will not report students based on attendance; however, low attendance can lead to unsatisfactory course progress, which will result in students being reported to the Department of Home Affairs (DHA) via PRISMS.

If a student fails to make satisfactory course progress (including by not participating in the training outlined in the training and assessment strategy and timetables), Melbourne Trades College will report the students on the basis of unsatisfactory course progress for two consecutive study periods to the DHA via PRISMS in accordance with Melbourne Trades College's course progress and attendance procedures as outlined below in section 5.

As part of the intervention strategy, students will be provided with appropriate support including, but not limited to, academic skills support, LLN support, counseling and mentoring. Refer to point 4.4 of this policy for information on Intervention strategy.

Students can also refer to the *Student Support and Welfare policy* for more details on the support provided by Melbourne Trades College. It can be made available from the College's website (www.melbournetradescollege.vic.edu.au) or from administration department.

4.3. Course Progress Requirements

4.3.1. Course progress requirements are defined in relation to the study periods and may include (but are not limited to), any combination of the following.

- Satisfactory completion of certain assessment tasks for each unit.
- Achieving competency for certain units of competency in a study period.

4.3.2. Requirements are designed to uphold the academic integrity of the registered course and meet the requirements of the training products, with consideration to the length of the study period and number of units and assessment requirements of the course.

4.3.3. Students who do not meet course progress requirements may be at risk of having their visa status affected. Where requirements are not met, Melbourne Trades College course progress monitoring procedures will be followed.

4.3.4. Melbourne Trades College will use a range of methods to monitor course progress including review of assessment tasks, and other measures of academic progress as defined in the procedures. All records of course progress will be kept in a file.

4.3.5. Students' course progress will be recorded on excel sheet and will be regularly assessed by Student administration.

Attendance and Course Monitoring Policy and Procedure

4.3.6. Students must ensure that they abide by academic conduct requirements to ensure that they can complete their course within the expected duration.

4.3.7. Melbourne Trades College chooses to implement the “Department of Education, Skills and Employment” course progress policy and procedures”. Regular and sufficient attendance in class is necessary for successful achievement of expected outcomes and to maintain course progress requirements.

4.3.8. Melbourne Trades College will **monitor, record and assess the course progress** of each student for each unit of the course for which the student is enrolled in.

Melbourne Trades College will assess each student’s course progress at the endpoint of each study period.

4.3.9. Students will be informed during the orientation about their course progress requirements.

4.3.10. Melbourne Trades College has an intervention strategy that identifies and assists students who are at risk of not making satisfactory course progress. At a minimum, for students, the intervention strategy will be discussed and implemented where the student has failed or is deemed not yet competent (NYC) in 50 per cent or more of the units.

4.3.11. Attempted in any study period, Melbourne Trades College may choose to intervene at any point before the end of the study period, for example, if the student does not attend the classes regularly or does not respond to Melbourne Trades College’s attempts to assist the student in achieving satisfactory course progress.

4.3.12. At the end of each compulsory study period, students will be assessed against the “*Attendance and Course Progress Policy and Procedure*”. If a student is identified for the first time as not making satisfactory course progress, warning letters will be sent to students to inform them about their course progress and attendance and meeting will be organised to discuss any issue that they might be facing. Intervention strategy will be identified and implemented during this meeting. The intervention strategy will be activated within the first two weeks of the following study period or as soon as practicable.

If a student is identified as not making satisfactory course progress in the second consecutive compulsory study period in a course, (Failing 50% or more units in second study period) despite of implementing intervention strategy, Melbourne Trades College will notify the student of its intention to report the student to the Department of Home affairs via PRISMS for unsatisfactory progress. Detailed procedures for course progress are mentioned below in section 5.2 of this policy.

4.3.13. All students must ensure that they are making satisfactory progression through their course. If a student fails to make satisfactory course progress (including by not participating in the training outlined in the training and assessment strategy and timetables), Melbourne Trades College will implement a process for reporting unsatisfactory course progress in PRISMS.

Attendance and Course Monitoring Policy and Procedure

4.4. Intervention Strategy

Melbourne Trades College ensures that it identifies, notifies and assists students where there is evidence that the student is at risk of not meeting course progress and/or attendance requirements. Melbourne Trades College will provide support to students through intervention strategy to ensure that students are attending classes and achieving satisfactory course progress.

For students at risk of not meeting course progress or attendance requirements, an individual intervention plan will be developed based on the appropriate intervention strategy identified. It will be documented on Intervention Strategy form.

An intervention plan/intervention strategy will include an interview with the Administration Manager or Student Support Officer, and it may include one or more of the following strategies (but not limited to):

- attending counselling.
- English language support.
- reviewing learning materials with the student and providing information to students in a context that they can understand.
- providing extra time to complete tasks.
- providing access to supplementary or modified materials.
- providing supplementary exercises to assist understanding.
- attending tutorial or study groups.
- receiving assistance with personal issues which are influencing progress.
- receiving mentoring.
- referral to external organisations where Melbourne Trades College is unable to address the identified learning or academic issues:
- being placed in a suitable alternative subject within a course or a suitable alternative course; or
- a combination of the above and a reduction in course load.

4.5. Extension to expected course duration

Extensions to the course duration specified on the CoE are only allowed where:

Compassionate or compelling circumstances apply, and demonstrable evidence is provided, which may include but is not limited to:

- serious illness or injury, where a medical certificate states that the student was unable to attend classes.
- bereavement of close family members such as parents or grandparents.
- major political upheaval or natural disaster in the home country requiring emergency travel and this has impacted on the student's studies.
- a traumatic experience which has impacted on the students, and which could include involvement in or witnessing of a serious accident; and

Attendance and Course Monitoring Policy and Procedure

- Witnessing or being the victim of a serious crime. These cases should be supported by police or psychologists' reports); or
- where Melbourne Trades College is unable to offer a pre-requisite unit.
- where the student is unable to begin studying on the course commencement date due to a delay in receiving a student visa.
- Where a student is complying with an intervention strategy implemented for students identified at risk of not making satisfactory course progress or meeting attendance requirements or is in the process of implementing an Intervention Strategy.
- An approved deferral or suspension of studies has been granted in accordance with Melbourne Trades College's Deferral, Suspension and Cancellation Policy and Procedures.
- When the student can only account for the variation/s by extending his or her expected duration of study, this will be reported to the DHA via PRISMS.
- All variations in the student's study load, including the reasons for the variation will be recorded on the student's file.

Where the duration of the student's enrolment is extended, the student will be advised to contact the Department of Home Affairs (DHA) to seek advice on any potential impacts on their visa, including the need to obtain a new visa.

4.6. Reporting students

Melbourne Trades College will not report students based on attendance; however, low attendance can lead to unsatisfactory course progress, which will result in students being reported to the Department of Home Affairs (DHA) via PRISMS.

Melbourne Trades College will be required to report the student to DHA via PRISMS if student demonstrates unsatisfactory course progress in two consecutive study periods i.e. not successfully demonstrating competency in more than 50% of the units in two consecutive study periods.

Furthermore, where a student has demonstrated unsatisfactory course progress in two consecutive study periods despite implementing intervention strategies, Melbourne Trades College will be required to report the student to DHA via PRISMS.

Prior to reporting, the student will receive a written notice informing them of the intention to report for non-satisfactory course progress and the reasons for the intention to report.

Students have the right to appeal against this decision as per Melbourne Trades College's Complaints and Appeals Policy and Procedure within 20 working days. If the student chooses to access this process, the student will not be reported until this process is complete.

Melbourne Trades College will only report unsatisfactory course progress in PRISMS if:

- The internal and external complaints processes have been completed and the decision or recommendation supports the College or
- the overseas student has chosen not to access the internal complaints and appeals process within the 20-working day period; or
- The overseas student has chosen not to access the external complaints and appeals process, or

Attendance and Course Monitoring Policy and Procedure

- The overseas student withdraws from the internal or external appeals processes by notifying Melbourne Trades College in writing.

All records will be kept in the student's file including warning letters and the notice of intention to report.

5. Procedures

The procedure for attendance and course monitoring policy demonstrates how the policy will be implemented and who will be responsible for the steps taken under this policy.

5.1. Monitor Attendance: Student's attendance will be regularly monitored to ensure that Melbourne Trades College facilitates the highest quality of learning opportunities and additionally maintains compliance with legislative requirements.

Note: Students must attend all theory classes on campus and practical classes at Automotive workshop to fully develop their skills. A student's automotive workshop attendance will be monitored closely.

Students must maintain satisfactory attendance (i.e. minimum 80% of attendance) throughout the course.
