Living in Australia

Australia

Australia is an ethnic melting pot. It is a country known for its world-famous natural wonders, diverse landscapes and a vibrant multicultural society that practices almost every religion and lifestyle. Since 1945, more than six million people from across the world have come to Australia to live.

There are 226 languages spoken in Australia – after English, the most popular are Italian, Greek, Cantonese and Arabic. The island continent is almost as big as the USA but has a population of approximately only 25 million people (most of whom live within 50 kilometres of the coast). Australia's coastline stretches almost 50,000 kilometres and has more beaches (over 10,000) than any other country. Inland, there are vast areas of semi-arid and desert areas.

All major cities, and the nation's capital, offer exciting lifestyles, great cultural attractions, and a safe quality of life.

Multiculturalism

More than 100 ethnic groups are represented in Australia, making it one of the most culturally diverse countries in the world. Australia's dynamic multiculturalism can be attributed to its unique combination of indigenous cultures, early European settlement and immigration from all parts of the world.

Australians value the wealth of cultural diversity and social sophistication that international students bring to our campus and communities. Melbourne Trades College takes great care in looking after international students and helping them to adjust to the Australian way of life. International students also gain great benefits from their education in Australia and make lifelong friendships.

Language

Although English is the official language, more than 4 million Australians speak a language other than English, more than 800,000 speak an Asian language, the most common being Mandarin, followed by Cantonese and Vietnamese, and another 800,000 speak a European Union language. English, as it is spoken in Australia, is easily understood by nearly all people from other English-speaking nations. As you improve your English, you will learn some of Australia's colourful and often humorous slangs and have fun explaining the meanings to friends and relatives.

Religion

Australia is predominantly a Christian country; however, all religions are represented. Australians respect the freedom of people to practice their choice of religion. Churches, mosques, temples, Gurudwara and synagogues are located in most major cities.

Healthcare

Australia has a particularly good healthcare system. All Australians pay a Medicare levy (additional tax) to fund the public health system to ensure that everyone has access to public-system doctors, hospitals and other healthcare services. People who pay extra into private health insurance funds receive extra privileges when using private healthcare services. You will find the usual healthcare services available in Australian suburbs including GPs (doctors), dentists, osteopaths, chiropractors, psychologists, counsellors and many complementary healthcare practitioners too (traditional Chinese medicine, naturopathy, acupuncture, kinesiology, etc.).

International students studying in Australia are required to have Overseas Student Health Cover (OSHC) for the duration of their student visa (refer to student visa obligations, in this section).

Food

Australia has a fantastic variety of food. Its top-quality meat, fish, fruits and vegetables are exported to markets worldwide. There is a large range of fruit and vegetables available at Australian produce markets.

Students should have no difficulty finding the foods that they are used to at home. Students can have almost every type of cuisine in Australia's many restaurants and cafés. Ethnic restaurants offer cuisines from all around the world. Good food at reasonable prices can be found at bistros, cafés, and Aussie pubs. For those who like takeaway, most of the major global fast-food chains are well represented.

Sports and recreation

Australians are very keen on sports and outdoor activities and have gained a worldwide reputation as tough competitors in individual and team sporting events. Australia has more than 800 national sporting organisations and thousands of state and regional sporting bodies. Australians are also enthusiastic about bushwalking, fishing, boating and water sports.

Transport

Australia has an extensive public transport system that includes trains, buses, tramways, ferries, two major national airlines and a number of regional airlines.

Driving

Tourist students may drive in Australia on a valid overseas driver's license, but if the document is not in English, the visitor must carry a translation with the permit. An international driver's license alone is not sufficient. Different states in Australia have different driving licence conditions.

For example, as per the new regulations, in state Victoria (includes Melbourne), International students can use their overseas licence for the first six months of living in Victoria (after that, students will need Victorian licence instead). This rule has been applicable from 29th October 2019. Hence, Students need to have Victorian licence to be able to drive in Victoria.

Taxis

Metered taxicabs operate in all major cities and towns. Students can find taxi ranks at transport terminals, main hotels or shopping

centres or can hail taxis in the street. A light and sign on the roof indicate if a taxi is vacant. There is a minimum charge on hiring and then a charge per kilometre travelled. You do not need to tip taxi drivers.

Uber

Uber services are also available at the airport and there is a designated pick-up place available outside the airport for Uber customers

Telephones and Wi-Fi connections

Australia has a modern telecommunications system with mobile and internet access generally available at low cost. Overseas calls can be made over the internet data which also includes video calling.

Internet data: Free Wi-Fi, non-connections (paid) are available at majority of the places in and around Melbourne.

For example-Airport, few shopping malls have free Wi-Fi available. Most of the shared accommodations have Wi-Fi services available through which the students can make overseas phone calls, video calls.

Students can avail pre-paid and/or post-paid Sims depending upon their suitability and requirements of the students. Lowest pre-paid Sims and plan costs around 12-15 dollars. The cost of pre-paid and post-paid plan keeps increasing as per your requirements, for example, more internet data and overseas calling minutes may cost you more than the plans with less internet and overseas calling minutes.

However, there are many providers like Vodafone which give student discounts.

Budgeting

Students should work out a budget that covers accommodation, food, transport, clothing, and entertainment. Childcare, if applicable, should also be considered. For more information on living in Australia, costs, visit www.studyinaustralia.gov.au.

Travel

During the term breaks, students may like to venture beyond Melbourne to experience more of Australia's spectacular natural environment and great physical beauty, such as great ocean road, marine parks and national parks (The Great Barrier Reef, Kakadu, and Uluru), the Queensland rainforests and the pristine countryside and mountains of Tasmania. Student and backpacker travel agents in metropolitan cities offer cheap flights and package deals.

Money and banks

Australian currency is the only legal tender in Australia. When students first arrive, money from other countries can be changed at the exchange facilities located at international airports, banks, and major hotels. Travellers' cheques are easier to use if already in Australian dollars, however, banks will cash travellers' cheques virtually in any currency. Major hotels and some shops, depending on individual store policy, will also cash travellers' cheques.

It is a good idea to set up an Australian bank account. You will need to provide visa details and evidence of residency. Banking services in Australia are extremely competitive. All major banks have branches in cities and regional centres. Major Banks include ANZ, Westpac, National Bank, Commonwealth Bank. Community banks, like Bendigo Bank, are a popular alternative. Most shopping centres have Automatic Teller Machines (ATM) facilities. These machines can be used for deposits and, in many instances, withdrawals 24-hours-a-day. Many department stores, supermarkets and specialist shops have electronic transfer terminals (EFTPOS) where cash withdrawals can also be made in addition to purchasing goods.

More information on banking is available at www.studyinaustralia.gov.au. Normal bank trading hours are from Monday to Thursday - 9.30 am – 4.00 pm, Friday - 9.30 am – 5.00 pm and some banks are open Saturday mornings. The timings may vary.

Credit Cards

Credit cards are widely accepted around Australia. The most commonly accepted credit cards are Visa and MasterCard.

Currency

Australia uses a dollars and cents system of decimal currency with 100 cents in a dollar. The bank notes in use are \$5, \$10, \$20, \$50 and \$100. Coins used are the silver-coloured 5 cent, 10 cent, 20 cent and 50 cent coins and the gold-coloured \$1 and \$2 coins.

Tipping

Tipping is not the general custom in Australia and service charges are not added to accounts by hotels and restaurants.

Finding Accommodation

The following types of accommodation are available for international students.

Home Stay

This option is an opportunity for students to live in a private home, with a local family, couple or single person and learn about Australian life. You may need to compromise with living arrangements as you will need to fit in with the household's routines and expectations. You will need to think about the things that are important to you. You may need to ask about how adaptable mealtimes are in relation to your studies and other commitments. There are different types of home stay arrangements:

Cost: \$235 to \$325 per week

Full Board

Usually includes a furnished room (bed, desk, lamp, and wardrobe), three meals per day and bills (electricity, gas and water, but not telephone and internet). Some home stay providers may even do your laundry.

Cost: A\$110.00 - A\$270.00 per week

Half Board

Usually includes a furnished room (bed, desk, lamp, and wardrobe) and bills (electricity, gas and water, but not telephone and internet). You can use the cooking and laundry facilities in the house.

Cost: A\$ 80.00 - A\$ 100.00 per week

Lease/Rent

Renting an apartment or house is done through a real estate agent. You must sign a contract called a "lease" to rent the house, either month-by-month, or sometimes a 6-month, 12-month or 2-year lease is required. The lease entitles you to private use of the property for the duration of the lease. The advantage of this is privacy and independence.

You must pay a bond (the equivalent of one month's rent, to cover any damage you may do to the premises).

You are responsible for paying all bills (except water and council rates), maintenance of the property and providing all your own furniture and household items.

If you choose a house or apartment in a popular area, there will be much competition. The real estate agent selects the tenants who they believe are the most stable and able to meet the requirements of the lease.

Cost (shared accommodation): A\$185.00 - A\$440.00 per week (unfurnished)

Credit Transfer

Credit transfer is a process that provides students with agreed and consistent credit outcomes for components of a qualification based on the identified equivalence in the content and learning outcomes between the matched qualifications. Such as:

1. Unit/module is the same i.e. same code and title
2. Unit/module has been reviewed and this results in minor changes to the unit/module code e.g. B to C. This indicates that the learning outcomes of the unit/module have remained the same.
3. Unit/module has been transferred from another training package/curriculum and recorded; however, the learning outcome remains the same.
4. If the course credit is given, the confirmation of enrolment (COE) issued for that student will indicate the actual net program duration (as reduced by course credit) for that program.

5. If course credit is granted, and it results in shortening of the student's program duration, the College will report the change of program duration in PRISMS.

Students who have completed identical units to those in the course they are beginning at other institutions can be given recognition/credit on presentation of a verified transcript, Award or Statement of Attainment issued by any other RTO or AQF authorised issuing organisation.

- Students are requested to apply for credit transfer by the 2nd week of the first term of study in their enrolled course.
- Students must complete the Credit Transfer Application form and submit the application to the Administration department or at the reception.
- The application must include copy of verified Award or statement of attainment copies, all original documents and must identify the units successfully completed including unit codes, unit name and dates of completion.
- Training Manager /Trainer/assessor will verify the Award or Statement of Attainment, and other original documents submitted along with the Credit transfer application form and will grant credit transfers for identical units that have been identified as being completed at another Registered Training Organisation.
- Verified copies of Qualifications and Statements of Attainment and other documents provided by the students and used as the basis for granting Credit Transfer will be placed in the student files.
- Granting of Credit Transfer will be recorded as a unit outcome and kept in the student's file.
- If Credit transfer is granted, Melbourne Trades College will provide a written record of the decision to the students to accept and will retain the written record of acceptance for two years after the overseas student ceases to be an accepted student.

An application for credit transfer must be lodged in writing. Application form and more information about credit transfers (Credit transfer and RPL policy) are available on our website www.melbournetradescollege.vic.edu.au or can be obtained from Melbourne Trades College's reception.

Recognition of prior learning is an assessment process that involves assessment of an individual's relevant prior learning (including formal, informal and non-formal learning) to determine the credit outcomes of an individual application for credit. To support this type of application evidence of where and how the skills were obtained is required.

Melbourne Trades College recognises the prior learning of students based on:

- practical experience in a work environment.
- projects undertaken; and
- Life experience.

Students who believe they already have skills and experience learnt through a job, worked in a position that's enabled the student to undergo industry –relevant tasks, or simply been trained in-house through a company that students may have previously worked for; you may be eligible to apply for Recognition of Prior Learning. You may be asked for contact details of people who can vouch for your skill level such as supervisors from current or previous workplaces, clients or personal character references from the community.

An application for RPL must be lodged in writing. RPL application form can be obtained from the website or from Melbourne Trades College's reception. In practice, this can translate into:

- Adjusting equipment or the physical environment.
- Providing specialised equipment.
- changing the format and layout of training materials, for example using black and white slides instead of colour, using visuals instead of dense text or providing audio instead of visual information.

If students wish to apply for a transfer, they will need to apply at the college for a release. There is no cost attached to apply for a release; however, students will be required to contact the Department of Home Affairs to seek advice on whether a new visa is required.

Students wishing to defer the commencement of studies or suspend their studies must apply to do so in writing to the college. Reasons for suspending your enrolment are limited to extenuating circumstances such as:

- Personal illness (e.g. you are going into hospital)

Melbourne Trades College may decide to suspend or cancel a student's enrolment on its own initiative as a response to misbehaviour by the student. Deferral of commencement, suspension of enrolment and cancellation of enrolment has to be reported to the Department of Home Affairs through PRISMS by the college and this may affect the status of a student visa.

Please refer to Melbourne Trades College's Deferral, Suspension and Cancellation Policy for more details available on Melbourne Trades College's website www.melbournetradescollege.vic.edu.au.

Student Obligation

Overseas Student Health Cover

If you are a student from overseas on a temporary student visa it is a condition of your visa to maintain adequate health insurance for the duration of your visa. This means you need to purchase Overseas Student Health Cover (OSHC) and keep your policy up to date as long as you hold this visa.

OSHC assists international students to meet the costs of medical and hospital care they may need while in Australia. OSHC also includes ambulance cover and limited pharmaceuticals.

Some exceptions may apply if you are a student from Sweden, Norway, or Belgium. If this applies to you, you may have special arrangements under your own national schemes - check with the Department of Home Affairs to find out if special arrangements

apply to you and if you are exempt from the requirement to purchase OSHC.

As holding OSHC is a visa requirement, take care to maintain your cover at all times. If you do fall behind in payments or renewing your cover, you will be able to continue your cover, but you may not be able to claim for services you received while you were in arrears.

If your visa status or Medicare eligibility changes at any time, inform your insurer as soon as possible to find out whether your level of cover is still suitable. When your student visa expires, then you are no longer eligible to hold OSHC. You can then swap over to a residents' cover or to an Overseas Visitors Health Cover plan.

OSHC assists international students to meet the costs of medical and hospital care they may need while in Australia. OSHC also includes ambulance cover and limited pharmaceuticals. The OSHC premium cover must be paid before a student visa is issued. Melbourne Trades College can assist you in organising an OSHC cover for you if you wish. Contact our Student Services.

You can find out more about OSHC at https://www.privatehealth.gov.au/health_insurance/overseas/overseas_student_health_cover.htm

Full Time Study

Overseas students are required to be enrolled in a full-time registered course to undertake study. Australian law requires international students to study a full-time study load. A full-time study load is normally a minimum of 20 scheduled course contact hours per week.

Academic Course Progress

Melbourne Trades College gives strong emphasis on course progress requirements. It is a mandatory requirement for all the students to attend their classes regularly and achieve satisfactory course progress.

Students must participate in the training as set out in the training and assessment strategy, including (where the strategy requires) participating in scheduled classes, course-related information sessions, supervised study sessions. Melbourne Trades College checks and ensures that all the required assessments are completed up to that point of time.

Students at Melbourne Trades College are required to regularly attend classes and achieve satisfactory course progress. Melbourne Trades College regularly monitors, records and assesses the course progress of each student for each unit of the course for which the student is enrolled in. Melbourne Trades College will assess each student's course progress at the endpoint of each study period.

Students who do not meet course progress requirements may be at risk of having their visa status affected. Where requirements are not met, Melbourne Trades College course progress monitoring procedures will be followed as per the Attendance and Course Monitoring Policy and Procedures.

Unsatisfactory progress is defined as not successfully completing or demonstrating competency in at least 50% of the units in any study period.

A failure of units in any study period will trigger a review of academic progress by the college and the implementation of an intervention strategy. Failing a unit means being assessed as 'Not Yet Competent (NYC)' for a completed unit after one or more opportunities for re-assessment has been provided or a result appeal process has been undertaken. In order to have the best chance of maintaining satisfactory progress you must:

- Attend all theory and practical classes and pay attention to the work and activities undertaken in class.
- Study the theory and practice the skills that are taught in class and at Automotive workshop.
- Ensure that you are present for all assessment activities scheduled by the trainers.
- Make an appointment with the Student Support Officer or Administration Manager if you are having any difficulties with your studies.

In addition to the above minimum requirement, the College will implement counselling procedures and an intervention strategy when you think you may be at risk of not meeting the requirements.

Counselling and intervention strategy may be triggered by any of the following events (including but not limited to):

- Failing any units in a study period
- Not attending compulsory classes

If students fail to meet the requirements of satisfactory course progress for two consecutive study periods, they will be reported to the Department of Home Affairs.

Please refer to the Attendance and course progress policy available on Melbourne Trades College's website and/or reception for more details on Intervention strategy, academic progress, extension of course duration etc.

Attendance Requirements

Melbourne Trades College gives strong emphasis on attendance requirements. Melbourne Trades College will record and monitor attendance on regular basis, contact students who are not attending classes and identify appropriate support that can be provided to the students. Melbourne Trades College will ensure that students are provided with full support by implementing intervention strategies so that students can complete their course on time.

Students must maintain satisfactory attendance (i.e. minimum 80% of attendance) throughout the course. Low attendance implies that students might not be able to complete their course on time and this will lead to unsatisfactory course progress. Hence, students are required to attend classes in accordance with course timetables to make satisfactory course progress.

Students must attend all Automotive workshop practicals to fully develop their technical and practical skills. Student's Automotive workshop attendance will be monitored closely and student missing Automotive workshop's practical classes will be treated on a case by case basis. Students missing more than one Automotive workshop practical class will not be allowed to sit in re-assessment but will be required to repeat the units as it will not be possible for students to develop the required skills without attending Automotive workshop practical classes.

Melbourne Trades College is required to report the students on the basis of unsatisfactory course progress to the department of Home Affairs (DHA).

Note: Students will not be reported on the basis of attendance. However, Low attendance may lead to unsatisfactory course progress which can lead to you being reported to DHA.

Overseas students are required to be enrolled in a full-time registered course to undertake study. For VET courses, a full-time course is a minimum of 20 scheduled course contact hours per week, unless otherwise specified by ASQA. Students are required to participate in and attend the scheduled classes.

If **an overseas student** is not attending scheduled classes, but is making satisfactory progress in their course, then the course duration set may not be suitable for that student—because this implies that they may already have the skills, knowledge and experience to progress in their course without receiving structured training.

In this case, Melbourne Trades College **may invite the student to apply for RPL and will reduce the duration of the course to the minimum duration** required given the student's existing skills and knowledge, while maintaining a minimum of 20 scheduled course contact hours per week.

Please refer to the Attendance and course progress policy available on Melbourne Trades College's website and/or student administration for more details.

Intervention Strategy

Melbourne Trades College ensures that it identifies, notifies and assists students where there is evidence that the student is at risk of not meeting course progress and/or attendance requirements. Melbourne Trades College will provide support to students through intervention strategy to ensure that students are attending classes and achieving satisfactory course progress.

For students at risk of not meeting course progress or attendance requirements, an individual intervention plan will be developed based on the appropriate intervention strategy identified. It will be documented on Intervention Strategy form.

An intervention plan/intervention strategy will include an interview with the Administration Manager or Student Support Officer and it may include one or more of the following strategies (but not limited to):

- Attending counselling.
- English language support.
- Reviewing learning materials with the student and providing information to students in a context that they can understand.
- Providing extra time to complete tasks.
- Adjusting timetables
- Providing access to supplementary or modified materials.
- providing supplementary exercises to assist understanding.
- Attending academic skills programs.
- Attending tutorial or study groups.
- Receiving assistance with personal issues which are influencing progress.
- Receiving mentoring.
- Referral to external organisations where Melbourne Trades College is unable to address the identified learning or academic issues:
- Being placed in a suitable alternative subject within a course or a suitable alternative course.
- A combination of the above and a reduction in course load.

Change of Address

Upon arriving in Australia, students are required to advise Melbourne Trades College of their residential address and telephone number and of any subsequent changes to their residential address. To inform the institute, please refer to the Change of details Form available on the college's website. It is extremely important that students notify the college of a change of address as, under Section 20 of the ESOS Act 2000.

Melbourne Trades College is obliged to serve a notice at the last known address of the student if the student breaches a student visa condition relating to attendance and/or academic performance. The college may also send warning notices to students that are aimed at providing support to students and prevent breaches of visa conditions.

Hence, students must notify Melbourne Trades College of any change of their address and contact details within 7 days of change while enrolled at the college including:

- the student's current residential address, mobile number (if any) and email address,
- who to contact in emergency situations.

Failure to update the contact details to Melbourne Trades College means that students may not receive important information which may affect their course, their enrolment or visa.

As per Tuition Protection Service (TPS) update, international students are required to update their current address at least every six months. It is the responsibility of students and in their interest to keep their records up-to-date to ensure they receive important information about their course, fees and possible breaches of their student visa.

Additional information on student visa issues is available on the Department of Home Affairs web site at

Student Complaints and appeals procedure

The College has a student's Complaints and Appeals Policy and Procedure to provide students with a fair and equitable process for resolving any disputes or complaints they may have.

➤ Informal Complaint Process

Students who wish to make a complaint are encouraged to initially engage in informal discussion about the matter with the staff member/s involved. Any student with a complaint may first raise the issue informally with Administration Manager or Trainer and attempt an informal resolution of the complaint.

Complaints dealt in this way will not become part of the formal complaints process and will not be documented, recorded or reported on unless Melbourne Trades College staff involved determines that the issue in question or complaint is relevant to the wider operation of Melbourne Trades College.

Melbourne Trades College staff involved in the discussion of an informal complaint or appeal will do their best to resolve the matter effectively and quickly.

Students who are not satisfied with the outcome of the complaint, they will be advised to register a formal complaint.

What can a complaint be about?

A complaint can be about:

- any aspect of the service provided, or not provided by Melbourne Trades College
- any aspect of the training and assessment
- the behavior or decisions of staff, or
- policies and/or procedures of Melbourne Trades College
- any action by any associate

➤ Formal Complaint Process

Students who are not satisfied with the outcome of the informal process can register a formal complaint in writing to the Administration Officer/Complaints Officer. Students can also send an email alternatively to info@melbtc.vic.edu.au.

Lodging a complaint

To register a formal complaint, a student must complete and fill a Student's Complaints Form to Administration Officer/Complaints Officer providing:

- a clear and detailed statement of the complaint, including the parties involved.
- a suggested solution that the student believes would settle the complaint (E.g. an appropriate solution will focus on achieving a productive study environment or relationship, rather than apportioning blame).
- Complaint will be lodged in a complaint register.

The resolution phase: The Administration Officer/Complaints Officer will determine whether the subject matter falls within the definition of a complaint. This period is called the resolution phase.

The resolution phase will commence within **10 working days** of the complaint being lodged in writing, i.e. assessment of complaints or appeal will commence within 10 working days of it being made and the outcome will be finalised as soon as possible.

Where it is determined that the subject matter falls within the definition, the following procedures will take place:

● Acknowledging the Lodgement of a complaint

Each formal complaint lodged by a student will be acknowledged in writing. The acknowledgement will be provided to the student in person and/or sent through the email in writing by student support/admin staff.

The Student support/admin staff will forward the complaint for action to the relevant person or department as soon as practicable and should not take more than 10 days. Parties to complaint will not be part of the investigation team.

- **Recording the Complaint**

Details of the complaints will be recorded in Melbourne Trades College's complaints and appeals register and a copy will be filed in the student's file. The original complaint will be forwarded to the Administration Officer/Complaints Officer

The Administration Officer/Complaints Officer will be responsible for ensuring that all of these actions are completed within five working days of the lodgement of the complaint.

- **Acting on Complaint**

All concerned parties will be contacted for investigation. Students will be given an opportunity to respond and present their case with supporting evidence.

Administration Officer/Complaints Officer will set an agenda for the meeting and discuss what steps should be taken.

The right to be accompanied by a support person during the complaints/appeals process: Parties making complaint will be invited for meeting and each involved party may be accompanied and assisted by a support person, according to the principles of natural justice. There will be an attempt to resolve the complaint by using the process outlined by the student for settlement (if appropriate) or through meeting, mediation and/or conciliation.

All the information will be gathered as required to assist with the settlement of the complaint, including, providing the respondent with the statement of the complaint and all the relevant documents.

Complaints will be investigated thoroughly in spirit of natural justice and principal fairness. Best possible resolution will be achieved keeping a student-centred approach based on the facts and documents.

- **Time frame**

Person making a complaint will be informed of the outcome in writing and all the complaints will be finalised as soon as practicable understanding the student's requirements and other matters but *maximum within 60 days of receipt of complaint*.

Where Melbourne Trades College considers more than 60 calendar days are required to process and finalise the complaint or appeal, the college will inform the complainant or appellant in writing, including reasons on why more than 60 calendar days are required, and will regularly update the complainant or appellant on the progress of the matter.

If complaint falls outside the definition of complaints: Administration Officer/Complaints Officer will advise the student accordingly. Administration Officer/Complaints Officer may dismiss a complaint if, in their view the complaint is ill advised, misguided, frivolous, malicious or vexatious.

Note: *It is to be noted that Melbourne Trades College will respond to any complaint or appeal the overseas student makes regarding his or her dealings with Melbourne Trades College, Melbourne Trades College's education agents or any related party that Melbourne Trades College has an arrangement with, to deliver the overseas student's course or related services.*

At the conclusion of the resolution phase, Administration Officer/Complaints Officer will write to both the student and the respondent indicating the outcome of the process and specifying any action that has been agreed upon by the parties as part of that process. Students will be informed about their *Right to appeal* within 20 days of the complaints if dissatisfied with the outcome.

Record the decision: College's decision and reasons for the decision will be recorded by Administration Officer/Complaints Officer and placed in the student's file.

If a student is dissatisfied with the outcome of the formal complaint process, students may initiate an internal appeal process by completing a Complaints and Appeal Form from the website www.melbournetradescollege.vic.edu.au or student administration/reception.

➤ **Internal Appeals Process**

Internal appeals may arise from a number of sources including appeals against refund decisions, assessment outcomes, appeals against disciplinary actions and appeals against decisions arising from complaints. The essential nature of an appeal is that it is a request by student who is dissatisfied with the outcome to reconsider a decision made by Melbourne Trades College.

An Internal Appeal Process is initiated by a student lodging an Appeal by filling up complaints and appeals Form available from Student Administration and/or Melbourne Trades College website.

- **Acknowledging the Lodging of a complaint**

Appeals are acknowledged by sending written confirmation of the complaint that is done by Administration Manager or representative.

- **Consideration of Appeal by Administration Manager /Appeals officer**

Where an appeal relates to the following matters, the Student Appeals Form must be lodged within 20 working days (International Students):

- Notification of an intention to report the student to the Department of Home Affairs (DHA) or due to unsatisfactory Course Progress.
- Notification of an intention to suspend or cancel a student's enrolment due to misbehaviour, or other extenuating circumstances (ref. Student Code of conduct).

- **Time Frame and Acting on an Appeal**

Within 10 working days of receiving the Complaints and Appeal Form, the Chief Executive Officer (CEO) will appoint an Investigator or convene a Student Appeal Committee to hear the appeals and propose a final resolution. This Investigator or Committee will not include any person who has heard the original complaint. The Investigator or the Student Appeals Committee will:

- a. Meet with the student (and support person, if present) and provide the student with an opportunity to present their case with any supporting evidence provided in the meeting at minimal or no cost. At any given meeting to discuss an appeal, students will be given an opportunity **to be accompanied and assisted by a support person**.
- b. At the conclusion of the meeting, students will be informed about the timeframe within which the college will provide a written outcome of the appeal. The timeframe will generally be 10 working days. After the meeting, the Investigator or Committee will, impartially, consider all the evidence and make a decision.

Student Appeal Committee

- Chief Executive Officer
- Administration Manager
- Investigator or nominee appointed by the CEO

**Melbourne Trades College will ensure that assessment of the complaint or appeal is conducted in a professional, fair and transparent manner.*

The outcome will be documented and will include the reasons for the decision. If the decision goes against the student, the outcome will include information for the student of **his or her right to an external appeal**. Details of the suitable external appeal bodies will be made available to the student with information at no cost associated with that.

If more than 60 days: Where it is apparent that appeals will take more than 60 calendar days, appellant will be informed in writing, including reasons why more than 60 calendar days are required, and the students will be regularly updated on the progress of the matter.

Recording the appeal: Melbourne Trades College will keep a written record of the complaint or appeal, including statement of the outcome and the reasons for the outcome with signature and date of student and Training Manager.

A written statement of the outcome of the internal appeal, including detailed reasons for the outcome will be sent to the student.

If matter remains unresolved or student is unsuccessful or dissatisfied with the outcome.

There might be cases where matter is still unresolved after the implementation of above procedures and the internal appeals process exhausted, or if the student is not successful in the Melbourne Trades College's internal complaints and appeals process. In such cases, College will advise the overseas student within 10 working days of concluding the internal review of the overseas student's right to access an external complaint handling and appeals process without any cost charged by Melbourne Trades College.

Note: Students' enrolment will be kept active until both internal and external appeal is concluded.

➤ **External Appeals Process**

After the student, has been advised of the external complaint handling process and procedure, Melbourne Trades College will provide students with contact details of the appropriate complaints handling and external appeals body.

Melbourne Trades College will refer the student to an **Overseas Students Ombudsman** to lodge an external appeal or complain about the decision.

The Overseas Students Ombudsman offers free and independent service for overseas students who have a complaint or want to lodge an external appeal about a decision made by their private education or training provider.

In most cases, the purpose of the external appeals process is to consider whether the registered provider, i.e. Melbourne Trades College in this case, has followed its policies and procedures, rather than make a decision in place of the College. External appeal authority will be provided with sufficient information within due timelines requested.

For example, if an overseas student appeals against his or her subject results and goes through the internal appeals process of the College, the external appeals process would look at the way in which the internal appeal was conducted; it would not make a determination as to what the subject result should be.

Complaints outcome will be entered in complaints register after external appeals has given a decision and copy of all relevant documents will be attached in that register.

Outcome

If the internal or any external complaints handling or appeal process results in a decision or recommendation in favour of the overseas student, Melbourne Trades College will immediately implement the decision or recommendation and/or take the preventive or corrective action required by the decision and advise the overseas student of that action or outcome.

Written record of the complaints or Appeal and statement of the outcome will be kept and maintained by Melbourne Trades College.

Examples of an external or independent body or person may include:

- private conciliators or dispute resolution counsellors
- a complaints and appeals body established by a peak industry body
- representatives of Commonwealth and state or territory government departments including the Office of the Training Advocate; or
- Commonwealth and state or territory offices of the Ombudsman may be the appropriate body for a public provider.

IMP NOTE: The Overseas Students Ombudsman is a free and independent service

Appeals related to Deferral, Suspension or Cancellation of Enrolment

Where a student has decided to access the appeals process in relation to deferral, suspension or cancellation of their enrolment, Melbourne Trades College will not update the student's status or report to the Department of Home Affairs (DHA) via PRISMS until the appeal process is completed.

Melbourne Trades College is required to maintain all relevant responsibilities until:

- the internal and external complaints processes have been completed and the breach has been upheld;
- the overseas student has chosen not to access the internal complaints and appeals process within the 20-working day period;
- the overseas student has chosen not to access the external complaints and appeals process;
- The overseas student withdraws from the internal or external appeals process, by notifying the College in writing.

Note: *Please note that the following procedures do not remove your right to seek other dispute resolution services, or to seek

other legal remedies, provided by external bodies, such as, the Dispute Settlement Commission of Victoria, Consumer and Business Affairs Victoria, or the Equal Opportunity Commission Victoria.

Refer to <https://www.ombudsman.gov.au/making-a-complaint/overseas-students>

Students Rights as Consumer

Complaints and Appeals Policy, and Procedure do not remove the right of students to take action under Australia's consumer protection laws.

Unique Student Identifier

The Unique Student Identifier (USI) is a mandatory requirement for anyone wishing to complete Nationally Recognised VET qualification as of 1 January 2015. Each time a student completes nationally recognised training, the RTO collects and verifies their USI before they can issue a qualification or statement of attainment. In addition, we are required to include your USI in the data we submit to NCVET.

The USI scheme allows students to access a single online record of their VET achievements. Each person will be assigned with a USI. Melbourne Trades College will obtain and verify the student's USI at the time of enrolment. Melbourne Trades College will comply with the Student Identifiers Act 2014.

The USI is an identifier known only to the issuing RTO, the student and the department. All students undertaking vocational education and training must hold a Unique Student Identifier (USI) and provide it to Melbourne Trades College during the enrolment process. If students do not provide a USI, Melbourne Trades College will not be able to issue a Certificate, Statement of Attainment or Transcript for the training. For details on USI, visit www.usi.gov.au. Melbourne Trades College Student Services staff can assist you to obtain your USI on request.

USI does not appear on any certificates, statements of attainment or other public documents issued by Melbourne Trades College. It is in the student's best interest to keep this identifier in a safe place. If the student forgets their USI, it is possible to retrieve the information from the Department's web site <https://www.usi.gov.au/>

Students permission is required to access Unique Student Identifier. If the student has not already obtained their USI, then Melbourne Trades College will collect information about students for the purpose of creating USI on their behalf at the time of enrolment. The student will need to sign Melbourne Trades College's Unique Student Identifier (USI) Consent Form giving Melbourne Trades College authorisation to apply on their behalf. The student will need to provide at least one (1) form of ID from the list below in order for the College to apply for their USI.

Student forms of ID:

- Driver License
- Medicare card (this includes a current family Medicare card where your name is included)
- Australian Passport
- Birth Certificate
- Certificate of Registration by Descent

This procedure applies to all student enrolments in nationally recognised training, except those students who are deemed to be exempt. Exemption categories are:

1. An individual who has completed all the requirements for the VET qualification or VET statement of attainment before 1st January 2015.

2. Students who demonstrate a genuine personal objection to being assigned a USI. This exemption can only be granted by the Student Identifiers Registrar.

Students who express a genuine personal objection to being assigned a USI must be advised to apply to the Student Identifiers Registrar for an exemption.

Ensuring that where an exemption applies, students will be informed prior to either the completion of the enrolment or commencement of training and assessment, whichever occurs first, that the results of the training will not be accessible through the Commonwealth and will not appear on any authenticated VET transcript prepared by the Registrar.

Important Information

Working in Australia

Australian Immigration laws allow students to work for a limited number of hours whilst studying on a student visa in Australia. Students must not work for more than 40 hours a fortnight when student's course of study or training is in session. A fortnight means the period of 14 days commencing on a Monday.

School-aged dependents

Students must maintain adequate arrangements for the education of their school-age dependants who are in Australia for more than 3 months as a dependant on student's visa.

There are requirements for compulsory school attendance for dependents of international students. In Australia, it is compulsory for children to attend school until the age of 16. The choice of schools includes public schools, private schools and religious schools. People over the age of 16 can continue to attend school

until they have completed year 12. Dependents of persons holding a student visa may be required to pay full fees in any college or university that they enrol in whilst in Australia.

- ii. Where a written notice of withdrawal is received by the college within **6 to 11 full weeks before the agreed start date** of the course or term, the college will refund 50% of the fee received except application fee.
- iii. Where a written notice of withdrawal is received by the college within **5 full weeks or less before the agreed start date** of the course or term, no refund will be provided.
- iv. Where a written notice of withdrawal is received by the college **after the start date** of the course or term, no refund will be provided.
- v. Where the student defaults, including withdrawing from a course, after the course/term start date, students will be liable to pay full tuition fee for that study period and there will be no refund of paid tuition fees.
- vi. It should also be noted that if the student's enrolment falls within no refund timelines before the agreed start date of the course, then there will be no refund.
For example: If a student enrolls in week 5 before the course start date, he/she will not be eligible for refund as the enrolment falls in no refund time period of 5 full weeks prior to the agreed start date of the course.
- vii. If the refund application is approved, refund will be paid within the period of 20 working days after receiving a written notification/claim from the student and relevant forms duly signed by the student.
- viii. Melbourne Trades College must have received funds in order for any refunds to be made available (i.e. cheques are cleared, telegraphic transfers have been received).

B. STUDENT DEFAULTS

An overseas student or intending overseas student defaults, in relation to a course at the location, if the student himself/herself initiates termination of enrolment like:

the course starts at the location on the agreed starting day, but the student does not start the course on that day (and has not previously withdrawn);

or

- a) the student withdraws from the course at the location (after the agreed starting day);

or

- b) the college refuses to provide, or continue providing, the course to the student at the location because of one or more of the followings:
 - i. the student failed to pay an amount payable to the provider for the course;
 - ii. the student breached a condition of his/her student's visa and his/her visa has been refused;
 - iii. misbehaviour by the student {Note: the student is entitled to natural justice under subsection 47A (3)}

Note: If students do not commence studies in a course (i.e. the student does not start the course on that day) or when they are due to commence and have not notified the college in writing within 14 days of the course commencement, then student's enrolment will be cancelled on the basis of non-commencement of studies.

A student does not default for failing to start a course on the agreed starting day if he/she does not start that course because of the provider defaults in relation to the course at the college.

Melbourne Trades College will pay the refund to the following person:

- a. the student
- b. if a person (other than the student) is specified in this written agreement to receive any refund- the specified person.

Melbourne Trades College will pay the refund within the period of 20 working days after receiving written claim from the student.

C. VISA REFUSAL

If a student's visa application or visa renewal is refused by the Australian Government, a refund of course fees, less application fee, will be made and visa refusal refunds will be calculated in accordance with the legislative instrument under subsection 47E (2).

The calculation under subsection 47E (2) is as follows:

The amount of unspent pre-paid fees that the provider must refund the student for the purpose of Subsection 47E (2) of the Act is the total amount of the pre-paid fees that the provider received for the course in respect of the student less the following amount (the lesser of):

- a) 5% of the total amount of pre-paid fees that the provider received in respect of the student for the course before the default day; or
- b) the sum of \$500.

Whichever is lesser

Students must provide the College with substantiated evidence of their student visa refusal.

If an international student currently in Australia has their student visa application refused by the Department of Home Affairs (DHA) after the commencement of their studies; refund will be calculated as follows:

The refund amount = weekly tuition fee x the number of weeks in the default period

a. The weekly tuition fee = total tuition fee for the course / number of calendar days in the course x 7. This amount is rounded up to the nearest whole dollar.

b. Weeks in default period: number of calendar days from the default day to the end of the period to which the payment relates/7

or

The number of weeks in the default period = the number of weeks (i.e. calendar days divided by 7, rounded up to the nearest whole number) in the unexpired portion of the course after the default day, in relation to which Melbourne Trades College has received tuition fees.

If Melbourne Trades College has only received an instalment of tuition fees for part of the course, the weeks in default period would be the number of weeks between the default day and the end of the part of the course to which the instalment relates. If the number of weeks calculated is not a whole number, round the number up to the nearest whole number.

No refunds will be granted where an international student currently in Australia has their student visa cancelled by the Department of Home Affairs (DHA) for a breach of visa conditions.

D. PROVIDER DEFAULT

- I. In the unlikely event that the college is unable to start or deliver the course (known as provider default), the student can choose to accept either:
 - i. A refund of course fees, which will be issued to the student within 14 days.
 - ii. Or be placed in an alternative course with the college or another provider. If the student chooses this option, they must sign a new written agreement to indicate that they have accepted the placement.
- II. If the student chooses to receive a refund of course fees, the college will calculate the unspent portion of tuition fees paid to date (i.e. tuition fees the student has paid for, but which has not been delivered by the college). The refund will be paid within 14 working days after the cessation of the course.
- III. If the college is unable to provide a refund or place the student in an alternative course, the TPS will provide the student with options for suitable alternative courses (if any such courses are available), or if this is not possible, the student will be eligible for a refund as calculated by the TPS Director.

Note: Timeline for refund

It is to be noted that refund will be made available to students differently based on the student's default and providers (Melbourne Trades College) default.
